A Message from Your UniServ Director

"Thank you so much to everyone who has attended budget hearings and board meetings, participated in #WearRedForPublicEd, spoken to local media, and been active these past few weeks in your own ways! Your efforts have truly made a difference! When the District's financial issues triggered rumors of a RIF and freezing teacher raises, we jumped into action to defend your jobs and the students you serve. There is strength in numbers! Public schools are vital to our communities and our democracy and it is YOUR hard work that makes this all happen. The working conditions of educators are the learning conditions of students. Now, more than ever, we must rally together to strengthen the Association and advocate for the schools we deserve. Please get involved in whatever way you can, such as attending board meetings with us, recruiting new members, and submitting your ideas to the HEA representative assembly. Let's

Adam Keller, District 2 UniServ Director

celebrate our efforts and regroup for next steps this school year as we monitor budget cuts, seek to improve school climates, and advocate for more respect and support to the people who are doing the work, certified and support."
